Dedication

GRACE POTTER, who has gained the respect of all who know her through her loyal devotion to her work and to her friends, we, the Yearbook staff, take pleasure in dedicating the 1963 edition of the RAILROADER.

Superintendent's Message

Another year is coming to a rapid close. Your education is becoming more and more important each year. Machinery is taking the place of man in industry and man must be able to master these machines in order to survive. Your future will depend greatly on your past accomplishments. It is my sincere hope that you students have been able to accomplish the tasks you set out to do last September.

I would like to take this opportunity to wish each of you a happy, healthful, and successful life.

Sincerely,

John W. Ward

EACH HOUR OF TOIL IS A LOUD TICK-

AND IF THE CLOCK IS A MINUTE FAST,

GET MIXED,

AND THEY DON'T IMPROVE TILL THE

The team of 1962-63 consisted of seven Seniors, four Juniors and four Sophomores. The starting team consisted of six Seniors. Of the starting six four of them have lettered four years. Those that lettered four years are as follows: Marilyn Bird, Forward; Lea Ann Hodges, Guard; Lorna DeVilbiss, Forward; and Carolyn Bixler, Guard.

The rest of team includes Carol Ann Loafman who has lettered two years, Mary Anne Wilson, one year, Mary Herschock, one year, and Connie Davidson, one year. Even though these are the only ones who lettered we couldn't have done without our back up support from the rest of the girls on the team. The school of Waynoka won't forget these hard playing, good sports for a long time to come.

Come On, Rails, We're With You!

1962-63 "Rails": Dale Adams, Jimmie Secrest, Gary Hulsey, Cary Bartlow, James Taylor, Floyd Lamke, Chris Olson, and Billy Benson. On the front row are Coach Albert Bouse, Managers Lee Bixler, Eddie Herchock, and Kenny Branum, and Coach T. J. Loafman.

Action

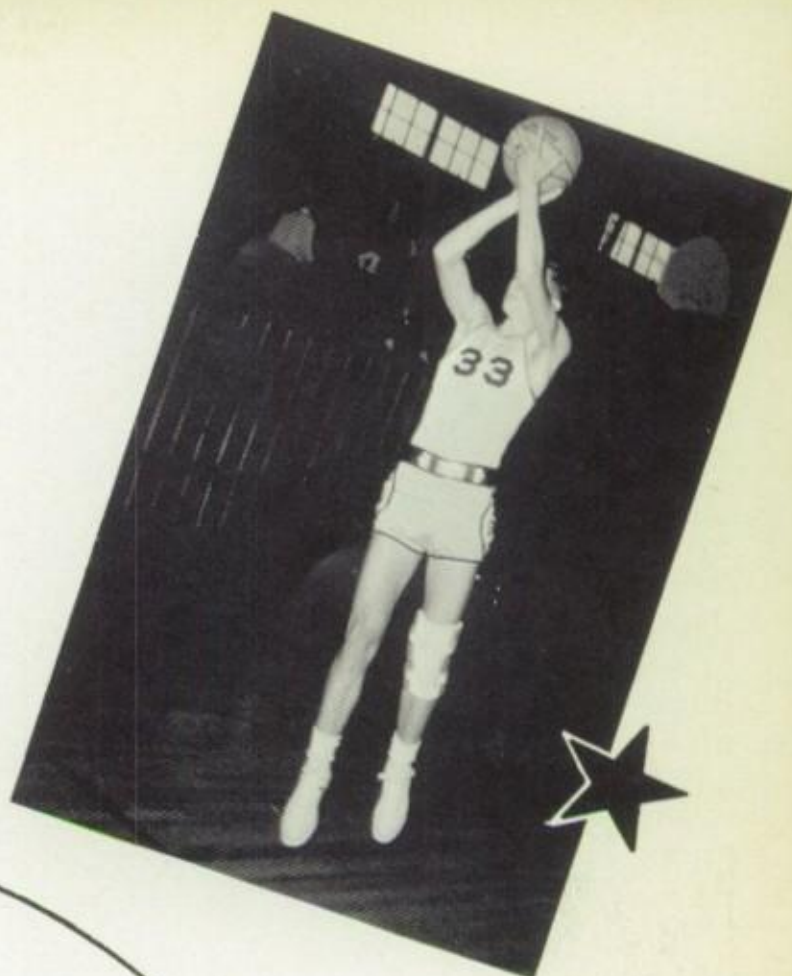

1. "Aw right fellas, kick 'em, hit 'em, pinch 'em, but no rough stuff!" Seems to be what Coach Loafman is telling Gary, #33, Cary, #3, Eddie, #15, Bud, and Jimmie.
2. Eddie, #15, hits for 2 points as Woodward's boys attempt to block the shot in vain. Dale, #4, goes in for the rebound.
3. Cary goes high to get the tip in the Woodward game as Jimmie, #13, stands ready.
4. "Everybody twist!" is what Eddie, Jimmie, Cary, and Gary act as if they're doing as the Rails get another rebound. Waynoka went on to win this game, 44 to 40.

Educators To Value School

Climax of a year of planning and months of hard work will come when the Waynoka high school is evaluated by a delegation of educators and teachers Monday and Tuesday. The 19-member delegation will arrive in Waynoka Sunday evening and spend Monday and Tuesday appraising the school.

Purpose of the visit is to evaluate the Waynoka high school for North Central Accrediting. The committee will be headed by Jake Smart, assistant state superintendent in charge of instruction and Carl Taylor, state high school inspector.

Teachers Prepare

Planning for the evaluation started last year, John Word, superintendent of the Waynoka schools said. "Since members of the high school faculty have been meeting after school and on their own time working individually and on committees to prepare for this visit and to upgrade the program and standards of the school," Word added.

North Central Association is a national voluntary accrediting organization. Universities and high schools in the United States are accredited by the North Central Association of Colleges and Secondary Schools.

To Upgrade Education

Purpose of the Association is to upgrade education offered students of colleges and high schools. If a school desires admission, it must make application and must meet the standards. Membership in the Association helps graduates to enter the better universities and colleges.

Of the more than 600 high schools in Oklahoma only 176 belong to the Association. However, the 176 schools represent 76 percent of the students enrolled in grades 9 through 12 in Oklahoma high schools.

Committee Listed

Members of the committee to visit the Waynoka schools in addition to Smart and Taylor are: Mrs. Patricia Hammond, state department of education; Dr. Fred Lawson, state department of education; Phil Gruber, state department of education; Stanley Dixon, superintendent of schools at Okeene; Harry Schackelford, superintendent of schools at Laverne; Mrs. Sarah Moore, Laverne; Tom Palmer, Cherokee superintendent of schools; Dr. Mekton Lehr, Northwestern State College; and Dr. J. W. Martin, president of Northwestern State College.

Also, Dr. Norman Mathews, Northwestern State College; Dr. Marie Authors, Northwestern State College; Earl Geis, Alva superintendent of schools; Harold Shirley, Woods county superintendent of schools; H. D. Stewart, principal Woodward high school; Benton Thomson, state department of vocational agriculture, Stillwater; Miss Martha Frizzell, vocational home economics. A dinner for the committee and members of the high school faculty will be held Sunday evening, Word said.

Payroll Is Second Largest

City Schools Are Big Business

The Waynoka public schools is big business, one of the biggest in Waynoka. Next to the Santa Fe it has the largest payroll. The 42 employees of the schools spend an estimated 90 percent of their approximately \$166,000 salaries in Waynoka, John Word, superintendent of schools said.

A breakdown of the payroll shows the 26 teachers receive \$141,615 and the other 16 employees, bus drivers, cooks, secretary, custodians and mechanic receive approximately \$24,000 in salaries. Last year the school district spent \$206,138.48 from all funds.

This year the schools are operating on a budget of approximately \$225,000. Of that amount only about a third, \$83,000 will be raised by ad valorem taxes in the district. To help stretch out the budget the district buys equipment from federal

and state surpluses and uses matching fund grants for much of the science and mathematics equipment.

Although a large percentage of supplies, books and other needs are purchased from out of town supply houses a good share of the district funds are spent in the district and with Waynoka firms, Word said.

Buildings, equipment and land owned by the school district is valued at more than \$600,000. The six buildings are insured for almost \$400,000. Transportation equipment is valued at more than \$20,000 and furnishings and equipment in the buildings will run over \$50,000.

The Waynoka district serves an area of 410 square miles with six buses operating on a daily schedule. The district extends 12½ miles north, 17½ miles south, 12½ miles
